

TOP SECRET

MEMORANDUM FOR: Lt. Col. Leo P. Geary 3 May 1957

1. Herewith are two copies of the one-page paper to be handed to the President at the opening of the May 6th meeting together with two copies of the paper I have prepared for the DCI on the additional business to be covered at that meeting.

2. I believe General Twining should definitely see the former and if you believe he would be interested, the latter as well. I understand that Secretary Quarles has expressed an interest in seeing the former paper and he too might wish to see the latter. I am relying on you to insure that these are seen by the proper people.
